AFTER WAITING HOURS HUSBAND SHOTS WIFE

WIFE CALLED ATTACK BRUTAL

Mrs. Crutchfield is Now in Grady
Hospital With Injured Head—"Ac-
cidental," Says Her Husband—Di-
vorce Case Pending.

Atlanta, Oct. 27.—That J. H. Crutchfield, after waiting for two hours, met his wife on the veranda of her home at about 6 o'clock Thursday night, struck her on the head with the butt end of a Winchester rifle and fired two shots at her prostrate form as she fell into the doorway into the arms of her young son, is the statement of an eyewitness to the shooting of Mrs. Sallie Crutchfield at 300 South Pryor street.

Mrs. Crutchfield was painfully injured on the head and the calf of her leg was torn to pieces by a ball from the rifle.

It appears that the husband had been in the vicinity of the house since 4 o'clock in the afternoon with a Winchester rifle, waiting the return of his wife from the matinee. As soon as she stepped off the car at her door he approached her on the veranda and struck her on the head. At the time of the shooting Mrs. Crutchfield was ringing the door bell in an endeavor to get into her home, and her son, Paul, aged 12 years, was opening the door as his father began the attack.

The place of the shooting on the veranda was marked with pools of blood and blood was on the steps that led to Mrs. Crutchfield's apartments on the second floor of the house, where she lay in bed until the ambulance which had been summoned was on the way from Grady hospital.

Thomas A. Baldwin, who lives near the scene of the crime, stated that he went to the house on seeing the attack and helped to carry Mrs. Crutchfield to the room and that her explanation as they bore her up the steps was, "It was a brutal attack." Another witness states that Mrs. Crutchfield begged her husband to refrain from shooting, but that he paid no attention to her words.

Paul Crutchfield, the son, is said to have climbed on his father's back in an endeavor to make him leave Mrs. Crutchfield alone.

After the shooting Mr. Crutchfield walked up Pryor street and turned on Thomas Baldwin, who followed him. "Leave me alone, or I'll shoot you, too," Crutchfield is alleged to have said. However, W. H. Baldwin followed him at a distance until he reached Whitehall street and Trinity avenue, and then pointed him out to a policeman, who arrested him.

The injured woman was taken to the hospital in an ambulance and it is reported that she is not badly injured, although the wounds are of a painful nature.

The wound on the head brought forth much blood, as did the shot wound in the leg, but neither are necessarily fatal.

As far as could be ascertained on the scene of the shooting, Mr. Crutchfield said nothing to his wife before he struck her with the gun, but commenced the attack while she was trying to get in the door.

A divorce case between the two is now pending in the Fulton superior court, Mrs. Crutchfield charging her husband with brutality on several occasions. The couple had not been living together for some time. Mrs. Crutchfield had the upper floor of an apartment where she was attacked, letting out rooms to boarders and her husband lived elsewhere. No trouble between husband and wife was anticipated. It appears that Mrs. Crutchfield was ignorant of Mr. Crutchfield's presence until he came up on the veranda.

At the police station, Crutchfield insisted that the shooting was an accident, and that he had no intention of harming his wife. He stated that his life had been threatened by a man who is one of Mrs. Crutchfield's

friends, and that he went to the house to "get him." He says that his wife grabbed the gun and that in the struggle to retain it, the gun went off, and Mrs. Crutchfield was injured. He declared that if he had wanted to kill his wife he could easily have done so. He was very much worried about her condition and wanted everyone to go to the hospital and find out how badly she was hurt.

For some time past Crutchfield has had trouble with his wife. She has sworn out peace warrants for him in Justice Landrum's court, all of which were dismissed. Besides this, she has filed petition for divorce twice, and now a third petition has been filed.

At the hospital it was stated Thursday night that it would not be necessary to amputate Mrs. Crutchfield's leg, although the shot from the gun has torn the flesh very badly.

Searching For Victims of Fire.

Kansas City, Oct. 27.—A systematic search for victims was begun Friday in the ruins of the Chamber of Commerce building in Kansas City, Kan., destroyed by fire Thursday. First the walls were pulled down and then a large force of men was put to work to remove the debris. Eight persons were still unaccounted for Friday morning. At the hospitals two of the injured were in a serious condition, but it is believed all the others will recover. Several of them were able to leave for their homes Friday. Three 10 per cent per month money lenders, who had offices in the destroyed building, lost much of their paper, including hundreds of dollars worth of notes. One money lender had placed his possessions in the building vault, which is buried beneath tons of wreckage.

ALACHUA NOTES.

Knights of Pythias Entertain Their
Lady Friends—Other News.

Alachua, Oct. 27.—Miss May Sealy and Mr. Edgel Guinn were married at the home of the bride's parents, on the morning of the 24th. The wedding was a quiet and simple affair, only the relatives and special friends being present. The groom is operator at Waldo, for which place the happy couple departed shortly after the ceremony. Friends and acquaintances wish them a bon voyage.

The Knights of Pythias gave a supper in the Stringfellow building on the evening of the 26th complimentary to their lady relatives and friends. The intention was to have an oyster supper, but instead of the oysters which failed to arrive, the good ladies prepared an elegant repast of salads, roast meats, pickles, cakes, etc. The supper was well attended and enjoyed to the fullest.

The high school girls will give a supper on November 2nd for the benefit of the piano fund.

DIAMOND ICE COMPANY.

Are Making Improvements in the Cold
Storage Department.

The Diamond Ice Company, realizing the necessity of increased advantages in the matter of cold storage, has been engaged for the past few weeks in enlarging its capacity, and during the coming winter will be in position to supply all the cold storage necessary to the growers who bring their meat to market.

Manager Livingston last year was somewhat cramped and placed at a disadvantage, but the capacity has been almost doubled, and no fear is anticipated the coming season.

JACKSONVILLE'S CARNIVAL.

Famous Diver, Louis Sorcho, Will Give
Exhibitions During Festivities.

Jacksonville, Fla., Oct. 27.—Deep-sea divers in their armour suits working amidst the ruins of sunken ships in the murky ocean's depths will be one of the chief attractions on the Wonderway at the Jacksonville Carnival, November 5th to 10th.

Capt. Louis Sorcho, who distinguished himself at the scene of the Maine disaster in the harbor of Havana by rescuing bodies from the battered steel of the sunken battleship, and who is advertised as the most celebrated and expert diver in the world, is the owner of the show which has been booked for the Carnival.

Sorcho does some remarkable feats, one of which was recently performed at Chicago, where he remained under water ten hours and took a nap in his bathing suit. His exhibition is instructive as well as spectacular.

HIGH SCHOOL NOTES.

By the Special School Reporter of The
Sun—Many Items of Interest.

The enrollment is now 448. The average attendance for the past month, ending Friday, was 422, or a little over 90 per cent.

There were only a few cases of tardiness last week. On Friday the principal announced that, beginning with the second month, next Monday, every grade having no tardy pupils and no unexcused absences, would be given a half-holiday at the end of the month.

Chapel exercises are becoming a pleasant feature of the day's work. On last Wednesday we were entertained with a mandolin and piano duet by Misses Lottie and Florence Steckers. On Friday, by a piano duet by Miss Edith Bagley and Miss Inis Thomas.

The yard has been thoroughly cleared of litter, and the trees set out last year—every one of which is growing finely—have had the grass cleared from around them. As the principal said Friday morning, the yard begins to look like "folks" live there.

Examinations are over and we are all anxious to see our first month's report cards. We hope they will do our teachers credit—for we certainly have the best teachers in the State.

On Friday Capt. McBeath placed the following books in the school library for the use of grammar and high school pupils: "Plant Life for Little Children," "Stories From Little Children," "Harper's Second Reader," "Irish Orthography," "Johnson's Fifth Reader," "Manual of English History," "Outline of Roman History," "Questions on American History," "Historical and Biographical Stories," "Jones' Reader, Book 8," "Carpenter's North America," "Essentials of English History," "Our Navy in War," "Life of Robert E. Lee," "Successful Americans," "Makers of American History," "Harper's Fourth Reader," "Animals at Home," "Good Literature, Vol. 8," "Good Literature, Vol. 5," "Jones' Reader, Book 5," "Outdoor Studies," "Our Birds and Their Nestlings," "Carpenter's Africa," "Stories of France," "Stories of Ancient Greeks," "Stories of English History," "The Spanish in the Southwest," "Life of Stonewall Jackson," "Life of Nansen," "A Boy on the Farm," "Seaside and Wayside," "Stories of Our Humble Friends," "Story of the English People," "Short History of England," "Story of Lewis and Clark," "American Inventors and Inventions," and a number of others.

We will be especially busy next week getting our exhibit work ready for the State Fair.

We all know next week which grade is to carry the honor banner for attendance and good order for the coming month. The principal says that the contest is close between three or four grades.

The Democratic Society had a fine meeting Friday afternoon. The exercises were interesting. There were several visitors present, among whom were Mrs. Deig, Mrs. Pedrick and a number of the Euclanites.

TWO VESSELS ARE REPORTED LOST

Schooners Susan Bryan and
Emma S., Missing.

OFF SOUTH CAROLINA COAST

It is Thought That the Boats and
Their Crews of Four Men Each
Were Lost Off the Coast of South
Carolina on Last Saturday.

Charleston, S. C., Oct. 27.—The schooner Susan Bryan and the Emma S., laden with cargoes of rice, are missing, and it is thought that the boats were lost, with their cargoes off the South Carolina coast last Saturday.

The boats had a combined cargo of nearly 7,000 bushels of rough rice valued at more than \$8,000.

The crew of the boats consisted of four men each.

If the boats had gone ashore, it is thought that the men would have given word here of their safety, and the absence of this news, it is thought that the boats have gone down with all on board.

Willeford News.

Willeford, Oct. 26.—We are glad to know that Thelma Flowers, who has been in bed for the past week, is steadily improving under the skillful treatment of Dr. Wilson of Ft. White.

There was quite an excitement created on the streets last evening when Mr. B. L. Flowers turned out his pig, which he intends taking to the State Fair at Tampa, to run about and show himself a bit. It was quite a surprise, as he had not informed anyone of his intentions. He is continually receiving congratulations, as everyone feels sure he will win the prize, they don't believe it can be best in the State of its kind.

J. R. Thomas has left town for a few days on business.

Messrs. Bliss and Lang, two wide awake drummers, were visitors to a little town this week.

The people of Willeford were highly encouraged when they heard it was reported around that the S. A. L. was going to put a through train to Jacksonville, as "peggy" is always two hours late. We wonder if the S. A. L. thinks that W. J. Bryan will be elected to buy her out, the reason why we can get any cars? If he does Heart will punch him off the roost sure.

Messrs. Connor, Randol and Kincaid can lay their fishing tackle aside on spring, as pork is splendid and they have lost their flavor.

J. M. Wright, manager of the Flowers Manufacturing Co., was in town last Saturday and stated that the business was on a boom, and that he was having six hundred ties placed on the road every day.

Cane grinding is on hand, and the young folks are anticipating a jolly time.

Forbidden Marrying of Divorced Persons.

New York, Oct. 27.—At the meeting Thursday night of the United Methodist Episcopal conference which is in session here, the committee on divorce in a report forbidding any pastor in the conference to marry divorced persons. The resolution was passed unanimously by the conference. The resolution provides that any pastor in the conference who is accused of marrying divorced persons will be tried according to the discipline of the church and if found guilty will be expelled from the ministry.

Married Four Men.

New York, Oct. 27.—In the Tompkins police court, a cook, who was married four times, before she was married to Magistrate Steinert, charged with bigamy and was held in jail for the grand jury after a preliminary examination. Of her four husbands three were in court. "I didn't know I was doing wrong by marrying the men. They were all so nice and sweet and I loved them all. Besides they worried me to marry them," said the woman.

BIG COTTON SALE MADE AT ALACHUA

Eight Hundred and Fifty Bales
Sold at a Handsome Figure.

THE BUYERS WERE NUMEROUS

Announcement That Sale Would be
Made Brought Many From Every
Section of the County—Were Indi-
pendent at Beginning of Season.

One of the most important cotton
sales consummated in the Sea Island
district for several years was
made at Alachua Thursday, when eight
hundred and fifty bales of the staple,
growing to various growers and
stored in the warehouse of the Ala-
chua Cotton Association, of which J.
Williams is president, was sold in
lots of numbers at 25 cents per pound,
at Alachua. It was a great victory
for the growers, who have been some-
times formerly to accept whatever
the buyers felt pleased to offer them,
which as a rule has been a price which
could barely let the grower out of the
sale.

But President Williams and other
officers of the Association this year de-
cided to work things differently—and
they did. They realized that the buy-
ers had entered into contracts to fur-
nish spinners all over this country and
abroad, and, with that shrewdness
equal to that of the buyers, and even
more deep in this particular instance,
they knew the buyers had to have the
goods.

This sale was advertised some time
ago, and caused a great agitation on
the part of the buyers, who had been
offering from eighteen to twenty cents,
considering the last price an exorbitant
one; but the planters were fixed. They
had their cotton and did not need the
money, hence held the big end of the
horn, so to speak. The buyer at the
beginning appeared independent, and
did not care whether he bought or not,
but the planter, who had the goods in
his possession, was also independent—
and independent to that degree that
the buyer became a little nervous.

The matter came to a focus when
the Association advertised that the
cotton would be sold at Alachua on
Thursday, the 26th inst., and the an-
nouncement brought buyers from
everywhere, who acted very cleverly
and wanted to "scoop" the whole busi-
ness; but the grower was having his
play on this turn, with the result that
he got his price.

Disposition of all stock on hand,
amounting to eight hundred and fifty
bales, was as follows:

J. D. Taylor of Charleston, S. C., 250
bales; G. C. Hayward of Savannah,
400 bales; Henry W. Foster & Co.,
Hamburg, Germany, 100 bales; The
Wyley Company, Liverpool, England,
100 bales.

The price paid was spot cash, f. o. b.
Alachua, and as a result the planter
has his money in his pocket—and
everybody should be happy.

This news will be rather sad to the
factors who early in the season con-
tracted to deliver a certain amount of
cotton to the spinners at twenty cents,
since this sale, owing to the shortage
of the crop, very nearly clears up the
Sea Island cotton for the present sea-
son.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only
urinary and bladder troubles were to be
traced to the kidneys, but now modern
science proves that nearly all diseases
have their beginning in the disorder of
these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak
or out of order, you can understand how
quickly your entire body is affected and
how every organ seems to fail to do its
duty.

If you are sick or "feel badly," begin
taking the great kidney remedy, Dr.
Kilmer's Swamp-Root, because as soon
as your kidneys are well they will help
all the other organs to health. A trial
will convince anyone.

If you are sick you can make no mis-
take by first doctoring your kidneys.
The mild and the extraordinary effect of
Dr. Kilmer's Swamp-Root, the great
kidney remedy, is soon realized. It
stands the highest for its wonderful cures
of the most distressing cases, and is sold
on its merits by all
druggists in fifty-cent
and one-dollar size
bottles. You may
have a sample bottle
by mail free, also a pamphlet telling you
how to find out if you have kidney or
bladder trouble. Mention this paper
when writing to Dr. Kilmer & Co., Bing-
hamton, N. Y. Don't make any mistake,
but remember the name, Swamp-Root,
Dr. Kilmer's Swamp-Root, and the ad-
dress, Binghamton, N. Y., on every bottle.

THE DISTRICT CONVENTION.

List of Those Who Were Present at
the Convention of That Order.

Following is a list of those who at-
tended the district convention of the
Masons, which was held in this city
for three days, Tuesday, Wednesday
and Thursday:

Past Grand Masters Marcus Endel
of Jacksonville and J. Carnell of Day-
tona; O. J. Farnell and W. H. Ander-
son, Cedar Key; M. E. Schlater, Mien-
nopy; T. H. Oato, E. A. Raines, Ala-
chua; O. O. Husband, Melrose; S. B.
Humphrey, Newberry; J. H. Alder-
man, J. M. Price, Melrose; T. E.
Hodgeon, Williston; M. J. Driggers,
Fannin; E. G. Spencer, Alachua; O.
E. Whiting, Waldo; Shaw Stewart, J.
L. Lovejoy, High Springs; W. E. Bak-
er, Melrose; T. J. McRae, Hawthorn.

At the conclusion of the meeting
Thursday night those present partici-
pated in an oyster supper, which was
prepared by M. B. Saunders and a
committee in the usual "good old
way." Mr. Saunders as a caterer is
hard to beat, and his services are al-
ways in demand upon an occasion of
this kind.

DO NOT BE A BURDEN.

J. W. McCollum & Co. Give Some
Good Advice to Readers of The Sun.

A weak stomach and its resulting ill
are not natural. With proper care
and the use of Mi-o-na stomach ta-
blets, the very worst case of indigestion
or stomach trouble can be completely
cured.

It is a sin to deprive oneself of en-
joyment in life and become a burden
to others through indigestion.

The backaches, headaches, distress
after eating, loss of appetite, gulping
up of undigested food and gases are
not natural. Mi-o-na stomach tablets
used for a few days before meals will
so strengthen the digestive organs that
you can eat anything you want with-
out fear of distress or resulting sick-
ness.

The directions for taking Mi-o-na
emphasize the difference between this
remedy and the ordinary medicine
that is given for indigestion. Mi-o-na
is to be used before meals, strengthen-
ing the digestive system for the food
which is to be eaten, while the ordi-
nary remedy is taken after meals, and
simply digests the food without
strengthening the stomach.

J. W. McCollum & Co. have so
much faith in the merits of Mi-o-na
that they sell it under a guarantee to
refund the money, in case it does not
cure. A 50-cent box of Mi-o-na will
do more real good than a dozen pack-
ages of the ordinary remedies sold for
indigestion. Then, too, it costs noth-
ing unless it cures.

Will Build Two Houses.

The fact that people have confidence
in Gainesville and its future is best
demonstrated by the fact that the
building continues. John R. Robert-
son a day or two ago let the contract
for the erection of two cottages on his
property in East Gainesville. These
cottages will be limited in room, but
will be modern in every way, and will
no doubt find ready tenants.

his family in Gainesville, has decided
to move back to Windsor, and will
take charge of the place.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming
chronic, it should arouse suspicion, because many of these places lead to
Cancer. It may appear as an ordinary sore at first, and is given
treatment as such, with some simple salve, wash or plaster, with the hope
that the place will heal, but the real seat of the trouble is in the blood and
cannot be reached by external remedies, and soon the sore will return. Af-
ter a while the deadly poison begins to eat
into the surrounding flesh and the
ulcer spreads rapidly, becoming more
offensive and alarming until at last
the sufferer finds he is afflicted with
Cancer. Cancerous ulcers often start
from a boil, wart, mole or pimple,
which has been bruised or roughly
handled, showing that the taint is in
the blood, perhaps inherited. Another cause for non-healing ulcers and
sores is the remains of some constitutional disease or the effects of a long
spell of sickness. S. S. S. goes down to the
very root of the trouble and cures so thor-
oughly that there is never any sign of the trouble
in after years. As soon as the system gets
under the influence of S. S. S. the place begins
to improve, the discharge gradually grows less,
the inflammation leaves, the flesh resumes
its healthy color, and soon the sore is well, because every vestige of the cause
has been removed from the blood. Book on sores and ulcers and medical ad-
vice without charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

coughing, just like one with the

stopped coughing and got stout and

He states that his greatest trouble is the scarcity of labor. He has been quite fortunate in a measure, however, as he has not desired until recently to work an extra large force; but he now wants to increase the number of men, and finds a difficult proposition confronting him in the labor question. He is offering good, able-bodied laborers \$1.50 per day, however, which should be an inducement, as the scale is more than the average common laborer can receive at other work.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

The funeral of Mr. John E. Sims of Union City, Ind., who died at the home of his parents in North Gainesville, Wednesday evening, was held from the Baptist church at 2:30 o'clock Thursday afternoon, Rev. S. B. Rogers officiating.

The funeral was well attended, considering the fact that deceased had resided here for only a short time. The floral decorations were plentiful. The interment was held in Evergreen cemetery.

Friday was a big day at the United States land office, as there were many who came on business connected with that office. Among these visitors were H. W. Odum, I. T. Crawford and W. T. Beach of Branford; M. J. Driggers, G. W. Newman, Nathaniel Deas of Old Town; C. Judson of Eselle; Harry Peterson, Wm. E. Menden, K. L. Osteen and R. L. Ransom of Morrison.

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by all druggists.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." The ladies of Gainesville were out yesterday in their glory. The G. W. Hyde Company's and Mrs. S. W. LeGrande's millinery parlors were both holding their fall and winter openings. Both stores were crowded throughout the day.

The G. W. Hyde Company had on display their fall and winter dress goods, and their ready-to-wear department attracted much attention. Mr. Gardner, the present manager of this store, is making an up-to-date city store of it, and his efforts are much appreciated by the ladies of Gainesville.

Mrs. LeGrande had on display at her
 priore many beautiful hats and it is
 useless for us to add that many were
 old.

W. G. ROBINSON HAS PASSED AWAY

One of Gainesville's Wealthiest
and Most Prominent Citizens.

END CAME PEACEABLY

Resulted From a Wound Received
While Tripping From a Horse, From
Which He Never Recovered—A Man
of Influence in All Directions.

Monday's Daily Sun.

Walter G. Robinson, for the
past twenty years a resident and one of
the prominent citizens and busi-
ness men of this city, died at ten min-
utes past four o'clock Saturday after-
noon after being confined to his room
for the past ten days, the direct cause
of his death being concussion of the
brain caused by an accident in being
thrown from his feet by a horse.

Robinson was holding the reins of
a horse a few days ago, when it sud-
denly reared and pulled him over, his
head striking the pavement. He was
taken to his home, and after several
days of intense suffering, succumbed to
the inevitable—death.

At the bedside at the time of his
death were his sister, Mrs. Emi-
lie Deventer, his brother, Geo. K.
Robinson of Ocala, his nephew, H. P.
Robinson, and other friends.

Robinson has been for many
years one of the leading citizens of the
city. He was register of the Uni-
fied States land office, a member of the
F. F. Dutton & Co., bankers
and stock brokers, and regarded as
one of the shrewdest business men in
the country. He was authority on
the subject of land, and his opinion has been ac-
cordingly among the leading buyers in
the country. He has been inactive for
the past few months, however, as his
physical condition has not warranted
him from work.

Robinson has been affiliated with the
lumbering industries of Gainesville, di-
rectly and indirectly, for several years,
and was one of the city's moving spir-
its. Always generous, always progres-
sive, he has accomplished a great deal
for the upbuilding of the city, and will
be greatly missed.

Lewis E. Robinson, another brother
of the deceased, was wired of the crit-
ical condition of his brother at Provi-
dence, R. I., and started at once for
Gainesville. He arrived here last
night.

The funeral will be held from the
First Presbyterian Church at 1 o'clock
Monday afternoon, and the remains
will be taken to Providence, his old
home.

With the passing away of Mr. Rob-
inson Gainesville loses one of its best
and most substantial citizens, and re-
grets are general. He was a man of en-
ergy and progress, and one whom will
be greatly missed.

Attention, Elks.

All members of Gainesville Lodge
No. 960, Benevolent and Protective
Order of Elks, are required to meet at
the lodge room on Monday, October
29, at 12 o'clock noon for the purpose
of attending the funeral of our de-
ceased brother, Walter G. Robinson.

CONFED. VETERANS ARE VERY ANXIOUS

Held an Interesting Meeting at
Court House Saturday.

ACCOMMODATIONS NEEDED

People of Gainesville Should Open
Their Homes and Entertain Veterans
of the War Which Protected Them.
Big Time Anticipated in November.

An interesting meeting of the Stone-
wall Camp of United Confederate
Veterans was held in the court house
Saturday morning. At this meeting
there was a committee from each of
the Chapters of U. D. C. of this city
who were invited to be present for
consultation as to the best means to
adopt to make the annual reunion,
shortly to be held here a success.
Several suggestions were made by the
ladies and adopted by Stonewall
Camp.

It was announced that the Kirby
Smith Chapter would entertain as its
guests the delegates to the reunion on
the evening of the first day of the ses-
sion.

An invitation was extended to the
Lew Wallace Post, G. A. R., to attend
the meetings of such reunion, and sev-
eral speeches were made showing how
important it is to our city that the
delegates coming from all parts of the
State should be hospitably entertain-
ed. The meeting adjourned to Sat-
urday, the 8th day of November, at 11
o'clock.

A HIGH COMPLIMENT.

T. Curry Merchant Selected as Orator
Over Several Hundred Students.

Geo. S. Merchant and wife of this
city are happy over the fact that their
son, T. Curry Merchant, who is attend-
ing the Davidson College at Davidson,
N. C., was selected over a student at-
tendance of more than two hundred
and fifty to deliver an address on
Davidson College Day, which was held
on October 24.

The compliment was indeed a fine
one, since only one student of that
enormous body was selected to de-
liver the address for the school, and
this student was required to speak
along with the president, Henry Louis
Smith, Dr. George H. Cornelison of
Concord, and Dr. W. W. Moors of
Richmond, Va., who are among the
best orators of their class in the coun-
try. Mr. Merchant held his own well,
however, and made a great hit on his
address, the title of which was "Our
Alma Mater."

Peck's Bad Boy.

A fair house greeted Peck's Bad Boy
at the opera house Saturday night,
and those who attended were very well
pleased with the performance, which
was composed mostly of specialties
and vaudeville acts. The artists, how-
ever, were well up in the profession,
and there was no room for complaint
for those who went out for pure fun
with no plot.

Mrs. Broughton Appreciative.

Patients and nurses wish to thank
the ladies who have supplied the hos-
pital with flowers for the month of Oc-
tober.

ASSAULT AND MURDER AT CHIEFLAND HOME

Mrs. Mott Assaulted by Negro,
Afterwards Taking Her Life.

MOB AFTER THE NEGRO

Reported That He Has Been Surround-
ed in a Swamp, and if Caught Death
Will be Certain—White and Colored
Men on Trail for Offender.

From Sunday's Daily Sun.

Information reached this city yester-
day to the effect that a white lady,
Mrs. Mott, had been assaulted and
afterwards murdered by a negro at
Chiefland, Levy county.

The name of the negro could not be
learned, but it was learned that the
feeling was so intense that a mob of
nearly a hundred men, white and col-
ored, gathered, and instituted a search
for the offender, with the determina-
tion to commit a lynching should he be
found.

It is stated that the best element of
colored people are as much opposed to
the assaults upon women as the
whites, and are doing everything in
their power to suppress the crime.

A telephone message at a late hour
last night stated that the mob had
followed the negro into a swamp and
surrounded him, and there may be a
lively time before daylight, as all par-
ties are determined.

A NEW JUDGE.

Judge B. H. Palmer Will Preside at
Next Session of Circuit Court.

Owing to the fact that Judge B. H.
Palmer will be disqualified at the next
session of the circuit court for Col-
umbia county, as he has cases to be
tried in which he is interested,
through the courtesy of His Honor
Judge Wills a change has been made.
Judge Wills will assume charge of the
court of Columbia county, while Judge
Palmer will fulfill the duties of Judge
Wills at this court.

Judge Palmer is a capable jurist, a
magnificent gentleman, and a man
altogether qualified to fill the position
as Judge on the bench of the Eighth
Judicial Circuit. He has many friends
here among the legal fraternity who
will be glad to welcome him.

Resolutions of Respect.

Forasmuch as it has pleased Al-
mighty God in His wise providence to
call into a fuller life Mr. Birkett Fry
Jordan, a loyal communicant and long
and faithful treasurer of this parish,
therefore, be it

Resolved, That we, the Woman's
Guild of Holy Trinity Church, do hereby
express our deep and sincere grief
for our common loss, and our heartfelt
sympathy with his afflicted family.

That these resolutions be spread
upon the minutes of the Guild, that
copies be sent to the bereaved wife
and sisters, and that they be published
in The Gainesville Sun.

LISTEN TO THEIR APPEAL.

Outside of Lee county, which is peculiarly situated, the taxpayers of the drainage district are nearly a unit in opposition to the drainage scheme. Take, for instance, a poor man, with a family to support, who has homesteaded 160 acres of land, whom the drainage of the Everglades will not benefit one cent; under the proposed Constitutional amendment he will be compelled to pay \$16 a year drainage tax in addition to his State and county taxes.

In this connection The Sun takes pleasure in publishing the following appeal from citizens of Ocala county, which is located in the heart of the drainage district:

"We, the undersigned Democratic officials of Ocala county, desire, in justice to the people of this county, to make the following statement to the qualified electors of the State:

"It has been said in the press and on the stump that the people of the Everglades drainage district are ALL in favor of the payment of the drainage tax.

"We desire to say that at the May primary the race for the Legislature was run solely on the drainage issue, and the successful nominee for the Legislature, Hon. Arthur E. Donegan, was overwhelmingly elected on a clear-cut ANTI-DRAINAGE platform.

"Ocala county was the headquarters of the Diaton drainage canal system. This county may therefore be styled THE drainage county of the State. Our people are particularly familiar with the effects of drainage, and are particularly qualified to express an opinion upon the merits of the proposed Drainage Constitutional Amendment.

"We repeat, that the people of this county have already passed upon this drainage question, and in the race for the Legislature they voted this drainage scheme down and emphatically condemned it.

"Basinger, the nearest settlement of any size to Lake Okechobee, voted almost to a man against drainage.

"The past action of the people of this county in voting overwhelmingly AGAINST this drainage scheme is in itself an appeal to the voters of Florida not to fasten upon our people this oppressive, arbitrary and useless drainage tax.

"This is an appeal to you, the fair-minded people of Florida, to give us your assistance, and to vote AGAINST the Drainage Constitutional Amendment.

"Respectfully submitted to your favorable consideration,

"R. T. Butler, Chairman Board County Commissioners; E. L. Lesley, Clerk Circuit Court; W. R. Johnston, County Judge; W. J. Sears, Superintendent Public Instruction; J. M. Walker, Sheriff; J. W. Aderhold, Mayor of Kissimmee; W. B. Makinson, Tax Collector; J. L. Overstreet, Tax Assessor; J. R. Gilbert, Sr., Treasurer; J. A. Lancaster, Supervisor of Registration and Member Democratic State Executive Committee; T. M. Murphy, President Council Kissimmee."

The Georgia Legislature having passed a law forbidding the dealing in stocks and bonds and cotton and grain futures, the business men of Atlanta have organized a Merchants' Exchange for the purpose of furnishing members and the public with market quotations.

While the Georgia law prohibits dealing in stocks on margin, as well as futures in cotton and grain, nothing can prevent a person from sending his order to another State, and the result will be that the business will be transferred from Atlanta to New York and Chicago, the great trading centers.

The best way to prohibit such dealings is to prohibit bucket shops, and confine the business strictly to houses having direct connection with legitimate stock exchanges and dealing in not less than one hundred shares or five thousand bushels of grain. No law can be put on the statute books of a State that will prevent one speculating, if he so desires, as long as the telegraph and telephone are in operation.

ADVANCE IN PHOSPHATE.

Within the past twelve months there has been a decided advance in the prices of Florida phosphate, the increase, says The Tampa Times, probably averaging \$2 per ton at the mines. There is no regular clearing market for phosphate, and it is therefore difficult to get the average of prevailing prices, but it is pretty sure that the advance has been in the neighborhood of 40 per cent.

This means a great deal for Florida, not only in the additional money paid for the stuff, but in the enhanced value of phosphate lands which have not yet been brought into production on account of the comparative cost of mining. Mines that would not pay at \$4 or \$5 per ton at the shaft will pay at the increased price. Lands that have never been tapped will now be brought into production, more men will be employed and a larger output made. There is no danger of over-production, as the market is constantly widening and the demand is one of the fixed factors of commerce which will hereafter be subject to very slight fluctuations.

There are countless millions of tons of phosphate still in the ground, and it will be a century before the Florida supply is exhausted. The call for it will continue until lands that are now deemed worthless will be thoroughly mined and the last pocket emptied. Tampa will be the point of export for the larger quantity of future developments. Her port facilities are and will continue to be specially adapted to the shipment of phosphate with the greatest speed and the lowest cost, and that means it will do the business as long as there is any business to be done.

Comparison has sometimes been made between the cost to the United States of the pension system and the cost to other countries for their standing armies. Thus the sum paid by the pension bureau for the fiscal year ending June 30, 1905, \$141,773,965, is slightly more than either Great Britain or France paid for all expenses of their respective armies, while the United States paid \$122,175,077 for its small army in addition to the sum paid on account of the wars already fought. Great Britain pays a little more than \$1,000,000 a year in annuities and pensions. It would appear at first sight as if the United States would gain by having a large standing army instead of depending upon volunteers with the result of a swollen pension list.

head that some day the tongue of slander may cut you like a sharp sword and the whispers of your neighbors be as vinegar on your wounds? Misfortune and disgrace may have overtaken your neighbor, but it does not become you to get on the housetops and shout it out to the world. You will not be called upon to pay for nor answer for any of the sins of your neighbor. You have all you can tend to to pay for your own indiscretions. Some day one near and dear to you may fall—the prison walls may open to a son or the scariest letter of eternity blight a daughter. When a home is in mourning over a tragedy the best thing you can do is to keep your mouth shut unless you can say something that will come as a rift in the clouds. Then again, you know you may be no better than your neighbor. The only difference is that your neighbor was caught and you, up to date, have kept the sunlight away. Be charitable, for you know not the day nor the hour when the blight will appear in your sacred circle.

Aside from the loss of the steamer St. Lucie, houseboats and concrete mixers, the property loss to the East Coast railway on the Key West extension is comparatively small. The road-bed and concrete work is not damaged, which shows how well the engineers have planned for such an emergency as that of the recent hurricane and tidal wave. It is said that the total number of persons lost and missing does not exceed 120. The fishermen and spongers sustained very little loss, all of them having reached safe harbors before the storm struck them. This class of navigators, as a rule, are the most careful seamen plying the waters of the Gulf and Atlantic. They know the danger, and run like a scared dog at the approach of a storm.

It will be a great day when the social tides of the age set toward useful effort instead of wilful waste.

W. G. ROBINSON HAS PASSED AWAY

One of Gainesville's Wealthiest
and Most Prominent Citizens.

AND CAME PEACEABLY

Resulted From a Wound Received
While Tripping From a Horse, From
Which He Never Recovered—A Man
of Influence in All Directions.

Monday's Daily Sun.

Walter G. Robinson, for the past twenty years a resident and one of the prominent citizens and business men of this city, died at ten minutes past four o'clock Saturday afternoon after being confined to his room for the past ten days, the direct cause of death being congestion of the lungs caused by an accident in being thrown from his feet by a horse.

Robinson was holding the reins of a horse a few days ago, when it suddenly reared and pulled him over, his head striking the pavement. He was taken to his home, and after several days of intense suffering, succumbed to the inevitable—death.

On the bedside at the time of his death were his sister, Mrs. Emily Robinson, his brother, Geo. K. Robinson of Ocala, his nephew, H. P. Robinson, and other friends.

Robinson has been for many years one of the leading citizens of the city. He was register of the United States land office, a member of the firm of H. F. Dutton & Co., bankers and stock brokers, and regarded as one of the shrewdest business men in the country. He was authority on all matters of finance, and his opinion has been accepted among the leading buyers in the country. He has been inactive for the past few months, however, as his physical condition has not warranted active work.

Robinson has been affiliated with the leading industries of Gainesville, directly and indirectly, for several years, and was one of the city's moving spirits. Always generous, always progressive, he has accomplished a great deal for the upbuilding of the city, and will be greatly missed.

Lewis E. Robinson, another brother of the deceased, was wired of the critical condition of his brother at Providence, R. I., and started at once for Gainesville. He arrived here last night.

The funeral will be held from the First Presbyterian Church at 1 o'clock Monday afternoon, and the remains will be taken to Providence, his old home.

With the passing away of Mr. Robinson Gainesville loses one of its best and most substantial citizens, and regrets are general. He was a man of energy and progress, and one whom will be greatly missed.

Attention, Elks.

All members of Gainesville Lodge No. 900, Benevolent and Protective Order of Elks, are required to meet at the lodge room on Monday, October 29, at 12 o'clock noon for the purpose of attending the funeral of our deceased brother, Walter G. Robinson.

CONFED. VETERANS ARE VERY ANXIOUS

Held an Interesting Meeting at
Court House Saturday.

ACCOMMODATIONS NEEDED

People of Gainesville Should Open
Their Homes and Entertain Veterans
of the War Which Protected Them.
Big Time Anticipated in November.

An interesting meeting of the Stonewall Camp of United Confederate Veterans was held in the court-house Saturday morning. At this meeting there was a committee from each of the Chapters of U. D. C. of this city who were invited to be present for consultation as to the best means to adopt to make the annual reunion, shortly to be held here, a success. Several suggestions were made by the ladies and adopted by Stonewall Camp.

It was announced that the Kirby Smith Chapter would entertain as its guests the delegates to the reunion on the evening of the first day of the session.

An invitation was extended to the Low Wallace Post, G. A. R., to attend the meetings of such reunion, and several speeches were made showing how important it is to our city that the delegates coming from all parts of the State should be hospitably entertained. The meeting adjourned to Saturday, the 3rd day of November, at 11 o'clock.

A HIGH COMPLIMENT.

T. Curry Merchant Selected as Orator
Over Several Hundred Students.

Geo. S. Merchant and wife of this city are happy over the fact that their son, T. Curry Merchant, who is attending the Davidson College at Davidson, N. C., was selected over a student attendance of more than two hundred and fifty to deliver an address on Davidson College Day, which was held on October 24.

The compliment was indeed a fine one, since only one student of that enormous body was selected to deliver the address for the school, and this student was required to speak along with the president, Henry Louis Smith, Dr. George H. Cornelison of Concord, and Dr. W. W. Moors of Richmond, Va., who are among the best orators of their class in the country. Mr. Merchant held his own well, however, and made a great hit on his address, the title of which was "Our Alma Mater."

Peck's Bad Boy.

A fair house greeted Peck's Bad Boy at the opera house Saturday night, and those who attended were very well pleased with the performance, which was composed mostly of specialties and vaudeville acts. The artists, however, were well up in the profession, and there was no room for complaint for those who went out for pure fun with no plot.

Mrs. Broughton Appreciative.

Patients and nurses wish to thank the ladies who have supplied the hospital with flowers for the month of October.

ASSAULT AND MURDER AT CHIEFLAND HOME

Mrs. Mott Assaulted by Negro,
Afterwards Taking Her Life.

MOB AFTER THE NEGRO

Reported That He Has Been Surrounded in a Swamp, and if Caught Death Will be Certain—White and Colored Men on Trail for Offender.

From Sunday's Daily Sun.

Information reached this city yesterday to the effect that a white lady, Mrs. Mott, had been assaulted and afterwards murdered by a negro at Chiefland, Levy county.

The name of the negro could not be learned, but it was learned that the feeling was so intense that a mob of nearly a hundred men, white and colored, gathered, and instituted a search for the offender, with the determination to commit a lynching should he be found.

It is stated that the best element of colored people are as much opposed to the assaults upon women as the whites, and are doing everything in their power to suppress the crime.

A telephone message at a late hour last night stated that the mob had followed the negro into a swamp and surrounded him, and there may be a lynch here before daylight, as all parties are determined.

A NEW JUDGE.

Judge B. H. Palmer Will Preside at
Next Session of Circuit Court.

Owing to the fact that Judge B. H. Palmer will be disqualified at the next session of the circuit court for Columbia county, as he has cases to be tried in which he is interested, through the courtesy of His Honor Judge Wills a change has been made. Judge Wills will assume charge of the court of Columbia county, while Judge Palmer will fulfill the duties of Judge Wills at this court.

Judge Palmer is a capable jurist, a magnificent gentleman, and a man altogether qualified to fill the position as Judge on the bench of the Eighth Judicial Circuit. He has many friends here among the legal fraternity who will be glad to welcome him.

Resolutions of Respect.

Forasmuch as it has pleased Almighty God in His wise providence to call into a fuller life Mr. Birkett Fry Jordan, a loyal communicant and long and faithful treasurer of this parish, therefore, be it

Resolved, That we, the Woman's Guild of Holy Trinity Church, do hereby express our deep and sincere grief for our common loss, and our heartfelt sympathy with his afflicted family.

Mr. Rockefeller says that we Americans bustle too much. We would be glad to stop—but Mr. Rockefeller needs the money and won't let us.

In awarding damages to a father who had lost a son and a daughter in a street railway accident, a Newark judge set the boy's value at \$6,000 and the girl's at \$3,000. "A woman may become a bread-winner," he said, "a man must be one."

The new revised statutes have been printed and are now being distributed by Secretary of State Crawford. After much delay the contract for printing was finally let to The Record Publishing Company of St. Augustine, and the work is said to be well done.

There's a "nigger in the wood pile" in this drainage proposition, which the taxpayers will soon discover if the amendment is adopted. Bear in mind that it becomes a part of the CONSTITUTION, and future Legislatures will be powerless to repeal the law.

Not since the old carpetbag days has there been such an effort on the part of men holding high office in Florida to trick the people and to fool them into dark corners. The drainage constitutional amendment is one of them. The Little Giant of Alachua in his earliest days, would not have dreamed of fastening such a thing upon the people.—Times-Union.

Referring to the death of Mrs. George Tillman, mother of James H. Tillman, who has visited Gainesville on two different occasions, The Times-Union says the pall-bearers were negroes, formerly slaves of the family, who have never left the plantation. This reminder of the friendship between the races that prevailed in the golden days and that still exists among the whites and blacks who are old enough to remember them is in marked contrast to the accounts of race riots with which the columns of the newspapers are filled.

LISTEN TO THEIR APPEAL.

Outside of Lee county, which is peculiarly situated, the taxpayers of the drainage district are nearly a unit in opposition to the drainage scheme. Take, for instance, a poor man, with a family to support, who has homesteaded 160 acres of land, whom the drainage of the Everglades will not benefit one cent; under the proposed Constitutional amendment he will be compelled to pay \$16 a year drainage tax in addition to his State and county taxes.

In this connection The Sun takes pleasure in publishing the following appeal from citizens of Ocala county, which is located in the heart of the drainage district:

"We, the undersigned Democratic officials of Ocala county, desire, in justice to the people of this county, to make the following statement to the qualified electors of the State:

"It has been said in the press and on the stump that the people of the Everglades drainage district are ALL in favor of the payment of the drainage tax.

"We desire to say that at the May primary the race for the Legislature was run solely on the drainage issue, and the successful nominee for the Legislature, Hon. Arthur E. Donegan, was overwhelmingly elected on a clear-cut anti-drainage platform.

"Ocala county was the headquarters of the Diston drainage canal system. This county may therefore be styled THE drainage county of the State. Our people are particularly familiar with the effects of drainage, and are particularly qualified to express an opinion upon the merits of the proposed Drainage Constitutional Amendment.

"We repeat, that the people of this county have already passed upon this drainage question, and in the race for the Legislature they voted this drainage scheme down and emphatically condemned it.

"Basinger, the nearest settlement of any size to Lake Okeechobee, voted almost to a man against drainage.

"The past action of the people of this county in voting overwhelmingly AGAINST this drainage scheme is in itself an appeal to the voters of Florida not to fasten upon our people this oppressive, arbitrary and useless drainage tax.

"This is an appeal to you, the fair-minded people of Florida, to give us your assistance, and to vote AGAINST the Drainage Constitutional Amendment.

"Respectfully submitted to your favorable consideration,

"E. T. Butler, Chairman Board County Commissioners; E. L. Lesley, Clerk Circuit Court; W. R. Johnston, County Judge; W. J. Sears, Superintendent Public Instruction; J. M. Walker, Sheriff; J. W. Aderhold, Mayor of Kissimmee; W. B. Makinson, Tax Collector; J. L. Overstreet, Tax Assessor; J. R. Gilbert, Sr., Treasurer; J. A. Lancaster, Supervisor of Registration and Member Democratic State Executive Committee; T. M. Murphy, President Council Kissimmee."

The Georgia Legislature having passed a law forbidding the dealing in stocks and bonds and cotton and grain futures, the business men of Atlanta have organized a Merchants' Exchange for the purpose of furnishing members and the public with market quotations. While the Georgia law prohibits dealing in stocks on margin, as well as futures in cotton and grain, nothing can prevent a person from sending his order to another State, and the result will be that the business will be transferred from Atlanta to New York and Chicago, the great trading centers. The best way to prohibit such dealings is to prohibit bucket shops, and confine the business strictly to houses having direct connection with legitimate stock exchanges and dealing in not less than one hundred shares or five thousand bushels of grain. No law can be put on the statute books of a State that will prevent one speculating, if he so desires, as long as the telegraph and telephone are in operation.

ADVANCE IN PHOSPHATE.

Within the past twelve months there has been a decided advance in the prices of Florida phosphate, the increase, says The Tampa Times, probably averaging \$2 per ton at the mines. There is no regular clearing market for phosphate, and it is therefore difficult to get the average of prevailing prices, but it is pretty sure that the advance has been in the neighborhood of 40 per cent.

This means a great deal for Florida, not only in the additional money paid for the stuff, but in the enhanced value of phosphate lands which have not yet been brought into production on account of the comparative cost of mining. Mines that would not pay at \$4 or \$5 per ton at the shaft will pay at the increased price. Lands that have never been tapped will now be brought into production, more men will be employed and a larger output made. There is no danger of over-production, as the market is constantly widening and the demand is one of the fixed factors of commerce which will hereafter be subject to very slight fluctuations.

There are countless millions of tons of phosphate still in the ground, and it will be a century before the Florida supply is exhausted. The call for it will continue until lands that are now deemed worthless will be thoroughly mined and the last pocket emptied. Tampa will be the point of export for the larger quantity of future developments. Her port facilities are and will continue to be specially adapted to the shipment of phosphate with the greatest speed and the lowest cost, and that means it will do the business as long as there is any business to be done.

Comparison has sometimes been made between the cost to the United States of the pension system and the cost to other countries for their standing armies. Thus the sum paid by the pension bureau for the fiscal year ending June 30, 1905, \$141,773,985, is slightly more than either Great Britain or France paid for all expenses of their respective armies, while the United States paid \$122,175,077 for its small army in addition to the sum paid on account of the wars already fought. Great Britain pays a little more than \$1,000,000 a year in annuities and pensions. It would appear at first sight as if the United States would gain by having a large standing army instead of depending upon volunteers with the result of a swollen pension list.

DEAD NEGRO WAS FOUND AT LACROSSE

Discovered by Negro Who Noted
Unusual Presence of Buzzards.

BADLY DECOMPOSED

Were Notified and Searched
Remains, But Nothing Save a
Shot and Jew's Harp Were
Found—Buried in Potter's Field.

Wednesday morning a startling
discovery was made by a colored man
about a mile west of LaCrosse.

He was walking along the road,
bound for LaCrosse, when his at-
tention was attracted by a lot of buz-
zards circling around some object near
the road. His curiosity prompted him
to go to the spot, where he dis-
covered a partly decomposed body

of a negro. The negro was frightened,
and notified Officer J. W. McCann,
who was in LaCrosse, who went to
the spot and found the body of a ne-
gro. It must have been dead several
days, as the conditions of the body
indicated, as the stench was so
strong that it was with the greatest difficulty
that a member of the party could go near

it. Officer McCann, however, went to
the spot and searched it. He found
a sling shot and a Jew's harp in
his pockets, there being no pa-
per or other article to identify him.
He appeared to be a young ne-
gro, between twenty or twenty years of age.
There has been no one missing from
the LaCrosse section, and the finding
of the body is a mystery.

The remains were interred in a pot-
ter's field without ceremony, and with-
out any information as to identity.
From the condition of the wounds,
it is apparent that the man was killed
by being struck in the head with some
sharp instrument.

Danger from the Plague.

There's grave danger from the pla-
gue of coughs and colds that are so
valent, unless you take Dr. King's
Discovery for Consumption,
Coughs and Colds. Mrs. Geo. Walls
Forest City, Mo., writes: "It's a
blessing to people living in climates
where coughs and colds prevail. I find
it quickly ends them. It prevents
pneumonia, cures lagrippe, gives
wonderful relief in asthma and hay
fever, and makes weak lungs strong
enough to ward off consumption.
Coughs and colds. 50c and \$1.00.
Guaranteed by all druggists. Trial
bottle free."

Special Meeting Commissioners.

A special meeting of the Board of
County Commissioners was held Fri-
day for the purpose of preparing the
ballot boxes for the election on Tues-
day, November 6. The board also con-
sidered several other matters, among
which was the State Fair exhibit, and
felt very much encouraged over the
prospects, as a number of sub-com-
missioners made favorable reports. The
board is very much encouraged, and
feels that the exhibit at the State Fair
this year will mean a great deal to the
county.

Lest We

Forget—baby is restless, can't sleep
at night, won't eat, cries spasmodical-
ly. A bottle of White's Cream Ver-
mifuge never fails to cure. Every moth-
er should give her baby White's Cream
Vermifuge. So many times when the
baby is pale and fretful, the mother
does not know what to do. A bottle
of this medicine would bring color to
his cheeks and laughter to his eyes.
Give it a trial. Sold by W. M. John-
son.

Building in North Gainesville.

The building in the progressive sub-
urb of North Gainesville, which is now
a portion of Gainesville, continues.
Many of the residents have within the
past year or two erected handsome
homes, and still the good work goes
on. Among the latest additions to
the homes of North Gainesville will be
a cottage, four rooms, which is being
erected by R. T. Schafer, the baker.

Napoleon Bonaparte

Showed at the battle of Austerlitz
he was the greatest leader in the
world. Ballard's Snow Liniment has
shown the public it is the best lin-
iment to the world. A quick cure for
rheumatism, sprains, burns, cuts, etc.
A. C. Pitts, Rodessa, La., says: "I
use Ballard's Snow Liniment in my
family and find it unexcelled for sore
muscles, headache, corns—in fact for any-
thing that can be reached by a lin-
iment." Sold by W. M. Johnson.

MOZLEY'S LEMON ELIXIR.

Is not a new and untried remedy.
More than 1/2 of a Century attests
its wonderful curative and health-
giving properties, and serves to
show that it has no equal as a cure
for Constipation, Biliousness, Indi-
gestion, Sick-headache, and all
other ills arising from a

TORPID LIVER.

Being strictly a vegetable com-
pound, it has no harmful or even
unpleasant effects. Its action is
gentle but none the less thorough-
ly cleansing the stomach and bowels
of all impurities, and tuning up the
entire system to a healthy con-
dition—leaving the person feeling
good, because every organ is made
to perform its part perfectly.

UNIVERSITY DEFEATED ROLLINS

Won Out in First Game by Close Points
and Good Playing.

The first game of football of the sea-
son was pulled off in this city Friday
between the University of Florida and
the Rollins College teams.

The game was fairly well attended,
and a great deal of interest was mani-
fested. The score resulted in a victory
for the University boys of six to noth-
ing.

Neither team scored in the first half
which lasted for twenty minutes, but
in the second half, which was twenty
minutes more, the University boys
made six, which gave them the game.

The schedule of the University of
Florida team for October and Novem-
ber is as follows:

November 2—Riverside A. C., at
Gainesville.

November 5—Savannah, at Savan-
nah.

November 10—Rollins, at Winter
Park.

November 17—Columbia A. C., at
Savannah.

November 24—S. C. M. A. at Charles-
ton.

Don't Be Imposed Upon.

Foley & Co., Chicago, originated
Honey and Tar as a throat and lung
remedy, and on account of the great
merit and popularity of Foley's Honey
and Tar many imitations are offered
for the genuine. These worthless im-
itations have similar sounding names.
Beware of them. The genuine Foley's
Honey and Tar is in a yellow package.
Ask for it and refuse any substitute.
It is the best remedy for coughs and
colds. J. W. McCollum & Co.

Sensational Police Shakeup.

New York, Oct. 26.—Probably the
most sensational shakeup which the
New York police department has ever
experienced will go into effect Friday
when every captain except one in the
five boroughs in the city will be
transferred by order of Commissioner
Bingham. The changes are made
"for the good of the service," the
commissioner announced Thursday.
The one captain left undisturbed is
Captain Schlottemann, who com-
mands the tenderloin precinct. There
are 85 police captains in Greater New
York.

A Card.

This is to certify that all druggists
are authorized to refund your money
if Foley's Honey and Tar fails to cure
your cough or cold. It stops the
cough, heals the lungs and prevents
serious results from a cold. Cures la-
grippe, cough, and prevents pneu-
monia and consumption. Contains no
opiates. The genuine is in a yellow
package. Refuse substitutes. J. W.

Takes Charge of Defunct Bank.

Butte, Mon., Oct. 26.—The United
States bank examiner has taken
charge of the affairs of the defunct
Aetna bank and will at once begin
an investigation of the affairs of the
bankrupt company. Depositors claim
the officials were aware of the in-
solvency of the bank when they re-
ceived deposits.

SEVEN KILLED BY EXPLOSION.

Gas Lets Go In a Mine of Cambia Company.

Johnstown, Pa., Oct. 26.—By an explosion in the rolling mill mine of the Cambria Steel company Wednesday afternoon, seven men are dead and two are painfully, but not fatally, injured. Up to the present only one of the dead has been identified. He is an American-born miner, Sampson Luther. It is believed the other dead are all foreigners, as are the injured. The wounds of the latter consist of burns on the back and arms, lacerations of the scalp and other parts of the body.

The explosion took place in heading No. 29, a considerable distance from the ill-fated Klondyke section, where 174 men lost their lives over four years ago.

The exact cause is not known, but it is supposed gas was fired by a blast. All the men had their safety lamps in proper trim, showing that the accident could not have been caused by neglect in that direction. No damage was done to the workings, and the mine will be running soon.

Soft Pig Iron Advances.
Birmingham, Ala., Oct. 26.—Sales of No. 2 soft pig iron were reported here Thursday at \$20 per ton on 30 days' delivery, which is the highest price reached by the southern iron market in several years. This is a rise of \$7 on the ton since the latter part of last July. Spot iron is exceedingly scarce and sales for future delivery are being made well into the second quarter of next year, practically all the production up to the end of the first quarter of 1907 having been sold.

Does Not Approve of Attack.
Cologne, Germany, Oct. 26.—The Gazette Thursday semi-officially affirmed that Chancellor Von Buelow does not approve of the attack made by the German press on the new French premier, M. Clemenceau, and that the chancellor sees no reason why the friendly relations existing between Germany and France should not continue.
